Straight into next section - blocking of school scene could do with relooking at, maybe all or think we need to relicok at this.

Would be nice for each group to freeze? Pink ladies and t birds as it is distracting	As cost as a garbage truck, Reactions from the lads?	
Fatty could be in for the full scene hanging out with the rest of the ensemble.	Scene change after Greased Ightrang	
Much more energy and characterisation, think about physicality, diction, projection	B/O or can we transition this section with a bell and the use of the ememble? Show have a emainable on here. Factor entrance Party, remember direction and blocking	
Think about body language in school scene, girls mainly, attentive and listening or disinteres does Rozo feel about Sandy's entrance, how do you feel about it? Sandy shy.		
Davny physicality a little subfler.	Sandy, don't look away from Danny's reaction, everything you are saying is all for a rose. To before your response
