Comments:

Well done Millie, you have completed this initial assessment to a satisfactory standard. I know that you have developed as a singer over the summer but unfortunately your initial assessment does not show this as it is only a 15 second clip. You must check your uploads and digitalspace in the future. The initial assessment should show your practical starting point for the year and I do not think this clip is an accurate representation of that. You could also challenge yourself with new styles and genres. Your evaluation is very brief and descriptive. You must work hard to complete more insightful and critical evaluations to inform your practice this year. I look forward to seeing and hearing more singing this year!

Please now set yourself three SMART targets to improve after receiving this feedback.
