Comments:

Well done Millie, you have completed this project to an satisfactory standard. The work submitted meets all the assessment criteria and is of a satisfactory standard.

Community Music Workshop (assessor LB)

Millie, your community music context and research is very brief, with few actual examples or case studies. There is evidence of work, but this is to a very basic level. Your plan was very detailed for the session you planned (and delivered in class) but there is no real evidence of this plan in your work, did you forget to upload it? Your practical work was completed to the class and was a reasonably well organised session, although there were some areas of improvement to make. The session was not filmed for confidentiality but was witnessed by myself. There is no evaluation present which is a shame as you could have significantly enhanced the workshop with clear identification in its weaknesses.

Christmas Showcase Performance (assessor NS)

You successfully performed an online music show in which you only had 5 weeks to prepare for. This is a good achievement and one you should be proud of! You were a committed member of your band and were responsible for communicating with the rest of your ensemble. You learnt all the material for your band as well as performing with a larger ensemble. You performed confidently as a soloist showing your development as a singer. You have also showed different rehearsals. This shows the development and progression you made throughout this project. Unfortunately, the live show could not happen due to Covid-19, however, you showed good professionalism and problem-solving skills by moving the show online at very short notice. Performing in front of a camera is very different to performing in front of an audience and you coped with the pressure well. Overall, this was a thoroughly enjoyable performance and show! You need to match sure your documentation matches the quality of your performance in future!
