Comments:

Well done Abi, you have completed this project to an excellent standard. The work you have submitted meets all assessment criteria and is of a very high standard. This is an excellent piece of writing which displays your talent as an academic – something I know you do not always find easy.

You have independently identified, thorough and sustained research and investigation of a range of relevant sources. You have presented a confident selection of ideas and communicated these effectively using autonomy.

You chose to present your work under different headings relating to different aspects of social media relating to the music industry which was very effective. The topics discussed cover a wide range of insights.

The topic for your research is current and engaging. You must now use this information to apply to yourself as an artist and your career.

Your reference list should be in alphabetical order for future submissions but this is a quick fix.

Your conclusion could have been a little more detailed, although there are reflections throughout the essay in which you state your opinion.

Well done Abi, this is a well-researched, well-presented and enjoyable read!
