**Comments:**

Well done Jozef, you have completed this initial assessment to a Satisfactory standard.

There is some good playing here and you have pushed yourself to play something difficult. It's good to see you play guitar and bass too. The sound is well chosen and works well for the style and you've done some research into how to create the correct tone. There are some slips here and there so just work on maintaining accuracy throughout. The evaluation and reflection needs more detail to achieve a higher grade – apply more critical thinking here to make sure you've fully reflected on your performance.

Please now set yourself three SMART targets to improve after receiving this feedback.
