Comments:

Well done Phoenix, you have completed this initial assessment to a satisfactory standard. You clearly enjoy performing as a pianist and this comes through in your performance. Your accuracy is largely correct but there are moments towards the end of the performance where you make several slips. As a pianist you are confident using both hands. You should look to develop dynamic control and use of the sustain pedal in the future. You should also look to start singing more as you have a nice tone to your voice. It would be great if you could accompany yourself in future. You have identified some areas for improvement. Try to use musical terms where possible and be more detailed with your reflections. Overall, you have completed this initial assessment successfully, well done!

Please now set yourself three SMART targets to improve after receiving this feedback.
