BRIDAL GLAM:

For my next look I'll be creating a boho inspired bridal themed makeup look. Bridal glam is specifically the use of makeup for a brides wedding day. Bridal makeup can range from a classic 'no makeup makeup' to a more full glam look ~~and~~ occasionally paired with a darker / red lip depending on the bride. Bridal makeup artists can earn up to £25,000 a year and more including hair offers as well as makeup.
