

Oliver Wright

Keighley, West Yorkshire

07525701619

oliverwright2001@outlook.com

An ambitious student with a variety of passions preparing to learn and gain valuable experience in a new working environment. In my past studies I have developed an eye for detail, due to the minimal margin for error within garment construction and music production, enjoying finding and resolving even the slightest of issues. Additionally, my working experience really trained me to be punctual and to work within given time constraints. Looking for an opportunity in an industry close to my heart, and one I am eager to involve myself in, ready for any challenge the day will bring.

Skills

- Active listening and communication skills.
- Digital skills, working with Microsoft Office and running social media channels.
- Problem solving skills and logical thinking.

Experience

June 2019

Swallow Dental Supplies - Warehouse Operative Assistant

- Picking and packing items.
- Sorting packages and preparing them for despatch.
- Lifting and transporting boxes of goods safely.

January 2019 - May 2019

GEM Compliance Training - Administrative Assistant

- Working using Microsoft Office, namely Excel and Word.
- Greeting customers and welcoming them to the premises.
- Organising much of the physical files, and completing many other varied tasks.

September 2017 - May 2018

TRACKS School - Voluntary Teaching Assistant

- Assisting in preparing and presenting classes.
- Helping take care of the students and making their day easier.
- Taking part in the set up of events at the school.

Education

September 2021 - Present

Bradford College – UAL L3 Diploma in Music Performance and Production

A fascinating and involved course teaching a variety of aspects within the music industry. I have learnt a lot regarding music production techniques, live performance skills, good practice within the studio, and much more, all the while becoming acquainted with industry-standard equipment and software.

August 2020 - November 2020

New Skills Academy – Anxiety Awareness Diploma/Fashion Design Diploma Course

In my spare time I completed these two courses; learning about anxiety in this course is enlightening and the fashion design course is teaching me some of the aspects I didn't cover in college, namely the business aspects.

September 2019 - June 2021

Keighley College – Fashion and Textiles

I studied Level 2 Fashion and Textiles after completing my Level 1 Fashion and Textiles the year prior, learning a lot about how to create clothing, how to ensure health and safety guidelines are being followed, what the industry can be like, etc.

January 2017 - June 2017

TRACKS School

Studied the base GCSEs, achieving a 6 in Mathematics, a 5 in English, and a B in all Science subjects.

Interests

My main passion is music, I take great joy in listening, discovering, and playing music from many different styles and cultures; I also look to explore theory, learn more about my instruments, as well as talking at length about the music I hear. Another love of mine is working out and weight training, constantly aiming to improve and beat any and all personal bests is something I take great pleasure in. I am also massively interested in activism and politics. I'm able to get along with people of all descriptions, finding common ground between us.

Awards

- NCS Graduate 2017
- SEG Awards Level 1 Certificate in Young Person Mentoring

Referees available upon request.
