Well done Isobel, you have completed this project to an excellent standard. The work you have submitted meets all assessment criteria and is of a very high standard. This is an excellent piece of writing which displays your talent as an academic.

You have articulated your variety of ideas for research topics clearly and in detail, situated within the context of your own studies. You have multiple interesting ideas for research.

You have documented a variety of references, including using opinions from appropriate sources. At a higher academic level there would be an expectation to see more books and journals as sources although I realise these may have not been available for your topic. You do have enough sources for the length of the essay this level.

You have explored an Analysis of Radiohead's OK Computer. This is a statement which you tackled effectively throughout the format of the essay. The plan shows this essay was carefully structured in a coherent manner.

Your analysis and conclusion show insightful findings that may help your promotion of your final project.

The presentation of the essay and project is formal and academic in approach which suits the project brief.

This is excellent work completed to a very high standard Isobel and it makes brilliant reading. Well done!
