Tutor observation; Practical sessions

Practical Skills

You are working wonderfully in the space Usman. Your production skills are improving every day and you have worked hard to explore different techniques. You have been working well with guidance from the technicians to prepare the lighting and sound for this production. Keep up the good work. Your professional skills have massively improved, working independently to create the lighting cues for the whole performance. Thank you.

Areas for Development

- Try to maintain focus within the session and don't become distracted by other students, or distract other students with unprofessional behaviours.
- Be sure to engage with all elements of the session.
