**Tutor observation; Practical sessions**

**Practical Skills**

You are working fantastically in practical sessions. You have applied yourself to editing the shows and supporting your peers in editing as well. You have been working hard to create a safe working environment with regards to the lighting rig. Well done. Your focus now needs to be on developing your scrapbook writing, and evidencing all your practical hard work.

**Areas for Development**

- Try to maintain focus within the session and don't become distracted by other students, or distract other students with unprofessional behaviours.
- Be sure to bring the same amount of energy and enthusiasm to your written work as you do your practical.

**Student Comments:**
