### **Work experience**

I have worked as a part time labourer at Taylor Builders during the summer holidays, this job helped me develop a strong work ethic because I had to be; on time, resilient and hard working.

I have also worked at the New Line Micropub in Green Gates as a glass collector and cocktail connoisseur. From this I have learnt valuable customer service skills and brought new drink ideas to the menu.

Currently I play bass guitar in a local band called The Flow, we get frequent bookings including things such as, weddings, beer festivals, pubs, Christmas light switch-ons and other exciting events. Through this, I meet and socialise with lots of people in the music industry that I have a strong interest for.

### **Personal Interests**

**Scouts** - I attended scouts from the age of 6 to 14 where I learned a variety of life skills such as discipline, resilience and respect for others. I enjoyed taking part in camps and survival weekends. I also travelled to Kandersteg International Scout Centre in Switzerland and met with scouts from all around the world.

**Mountain biking** – I am a keen enduro mountain bike rider, I enjoy maintaining and upgrading parts on my bike as well as exploring new trails and bike parks. This also helps me keep fit and active.
