REBECCA

My name is Rebecca and I have got such a shit life. Everyday I go to bed, I wonder what went wrong. Everything used to be great when dad and mum were still together but unfotuantly they are divorced. My mum is a lazy, incompatant and durken mess for she mostly hangs around with Jaime Who is Jaime you may ask, well Jaime is my mum's druken boyfriend who got fired from his job. He's on benefits from the council and doesn't even work or provide for us, for all he does is just watch TV and drink a lot. I am starting to think he is incouraging mum to do the same. When it comes to my dad, I do tend to message him on Whatsapp but unfortuantly mum doen't allow me to meet and she doesn't like it when I message him. I couldn't tell you have many times mum confiscated my phone just for messaging dad. What an annoying, iratating bi**h. When it comes to friends I only have one called Paige. She is the only friend that I know that I can my situation too.
