

Ahmed's Presentation For His Final Major Project

INTRODUCTION

Originally, I was thinking about doing three projects. Two of them involved remaking videos that I had already done previously. One was to remake a video of me interviewing Lewis Hobbs, who is in charge of the Educational Health Care Plans for kids with special needs, with a new intro and outro, including my new logo and music. The other project was to make my own version of a broadcast show. The third one would be an original project. However, my creative media tutor, EM Brogdon, told me that the first two projects would be considered plagiarism, as they were based on my previous work.

1. Make a short film
2. Make a video where Favor interviews me and asks me questions on how the Creative Media course can improve.
3. Interview Jonathan Dillion who is the head of disability services and Kirsty Cadamarteri who is a learning support assistant about what are their jobs and what they do in college.
4. Make a video about the students union election process where I interview the candidates and the **students union officer Amer Zeman**.

My Final Idea

- I decided to make a video about the **student's union as a whole** for I felt it was a great idea for my **Final Major Project**. We could have the candidates that are already elected make their voices heard.
- Also, I would like to interview the **student's union officer (Amer Zeman)** about his position and what the **Students Union Group does. However**, if he is unavailable, then I would like to interview the **Students Union Team Leader, Umar Rafique**.
- Making a video about the Students Union will appeal to the audience because it will help students be aware of what the Students Union group even is, and it will help future candidates who want to apply for positions know how the election process works.

List Of People That I hope to Interview

Realistically, I might not be able to interview everyone but here are some people that I could possibly interview including the people that have won the positions that they applied for apart from Maryum Ishtiaq (Equality Diversity and Inclusion Officer).

Amer Zaman
(Student's Union Officer)

Student Officers

			
Maqadas Bashir	Maryum Ishtiaq	Muhammad Saad	Shazia Ditta
Students' Union President	Equality Diversity and Inclusion Officer	Education and Welfare Officer FE	Education and Welfare Officer HE

Umar Rafique
(Students Union Team Leader)

If Amer Zaman is unavailable.

Questions that I might want to ask the candidates and the students union officer (Amer Zaman)

QUESTIONS TO ASK THE STUDENTS' UNION OFFICER (AMAR ZAMAN)

1. Why did you decide to run for the position of Students' Union Officer?
2. What skills or past experiences do you have that make you the best person for the job?
3. How do you create a sense of community for people who work in the Students' Union?
4. What do you think is the most important priority, and what skills are needed to be a successful Students' Union Officer?
5. If some students have opposing views, how do you deal with that?
6. What do you think are the most important skills that future candidates should have if they want to apply for certain positions, and what tips would you give them?
7. How will this role benefit candidates who are already elected for positions like the Students' Union Officer, in terms of further or higher education and potentially becoming the Students' Union President?
8. I was wondering if you could change your voting system. Instead of having to activate your Microsoft account and get a link by email, could the process be done directly on the website? For instance, on the website there is a button that says "Vote Now," but when you press it, nothing appears. I feel it would really help more students vote if people who want to apply for positions could do so without making the voting system complicated.
9. What is the best part of your job?

Questions For The Elected Candidates

1. Could you explain what your role is?
2. What motivated you to go for the position that you went for?
3. What skills or past experiences do you have that make you the best fit for this role?
4. How are you going to handle issues and concerns from students?
5. How would you deal with a group of students that may have some opposing views?
6. If you could change some things around the college, what would they be?

Where I will film my Interviews

I will shoot my interviews in the new TV Studio over at David Hockney Building (DHB)
