

PENCIL V CAMERA

<https://benheine.com/art/pencil-vs-camera-images/>

Task:

- Research artist Ben Heine – look at Ben Heine’s ‘pencil v camera’ images on his website (see link above). Choose some favourite images and create a mood-board.
- Consider how you can use Heine’s pencil v camera approach to explore your theme/idea for the Encounter project
- Go out on a photo-shoot to capture images relating to your ideas
- Create the pencil drawing (or painting) to montage with your photograph
- Photograph your hand holding your pencil drawing in the studio against a black backdrop
- Use Photoshop to bring the 2 images together (a demo will be given in class)
